Hi, I'm Tony Eddicott based in South London. I'm a trained fine artist with over a decade's experience in the design industry. I seek to make intricate, personality-driven illustrations that fit with the times as I see them: so that'll be edgy, fragmented, slightly surreal and with a dose of dry humour.

Portraits

If you have a face I'll find your story. If you don't, my imagination loves a challenge.

The Donald

An American cartoon or populist monarch?

Dead Soul

The politics of psychopathology in the post-moral order.

Politics & Culture

The world seems to be exploding right now and I try to tell the story of that explosion, with a keen eye and a sharp wit.

Jeff Bezos, Science Fiction, and the Death of the High Street

The **Dreaming** has taught you that you are not making something from Nothing, but recreating from Absence already existing matter, animated by a split consciousness. This pseudo-doppelgänger is flawed, fatally, with an expiration date you can, and should, fix. Be mindful that this is a kindness not a curse. Now you can follow the steps to **Manufacture**.
